THANK YOU, CLARKDALE METALS CORP.!!!

If you've not already noticed, there is a new American flag installed on "C" Mountain. The management and staff at Clarkdale Metals Corporation (owner of the property) have recently installed an 8ft. x 12 ft. flag which rotates on bearings (it will be a true wind direction indicator!) which has solar lights affixed to it. Whether they were inspired by the new 'parade of flags' throughout the Town on federal holidays, or just take pride in their place here, we thank them for the time, effort and investment in something for us all to share in and appreciate.

** CHANGE IN HOURS OF OPERATION **

One of the many actions taken in response to the 2008 economic downturn was to change non-emergency operating hours from a 40 to a 36 hour workweek resulting in Town office closures on Fridays. We are pleased to report that, as part of measured, conservative steps towards fiscal recovery, the FY 2013-2014 budget proposal anticipates returning to a 40 hour workweek. Beginning July 15, 2013, we will adopt a popular hybrid work period.

Hours of Operation: As of July 15, 2013

Monday - Thursday: 8:00 a.m. to 5:30 p.m.

Friday: 8:00 a.m.—12:00 p.m. (noon).

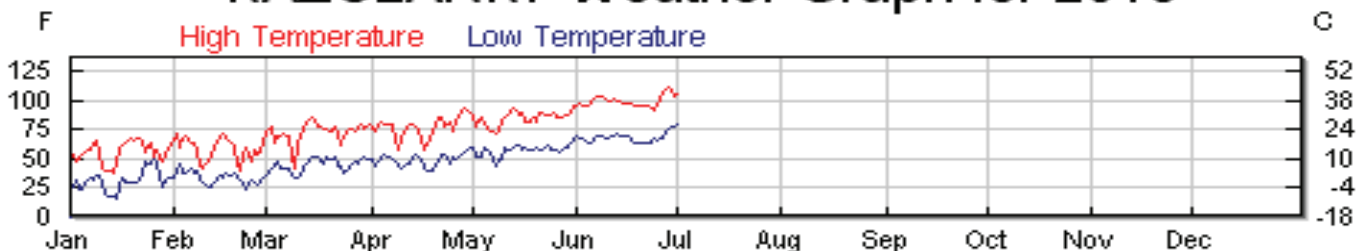

This encompasses all departments. By observing these same hours, the Library will no longer be open Saturdays.
