Roundabout Clarkdale

Spring is just around the corner. If you need help filling in that one tough spot in your landscaping, or you are starting a whole new project, remember to check out Arizona Botanical Gardens. Located at 1011 Wildhorse Lane, just off of SR 89A on the way to Jerome, they offer a wide-variety of plants selected to flourish in our environment. Native plants use less water, are disease and insect resistant, and require little maintenance once established.

Stop by to browse through the lovely garden area. They have been part of our community since 1988 and are happy to share their years of experience to help you find the perfect plant. Arizona Botanical Gardens also offers landscaping services.

April is Water Awareness Month!

Governor Ducey has declared April as Water Awareness Month to remind us all about the importance of using water efficiently inside and outside our homes. Visit www.azwater.gov/conservation and click on *Residential*. This will take you to informational topics such as "What's Planted In Your Yard", "Are Your Plants Thirsty? Probably Not.", and "Where Is Your Water Going?"

There are many conservation methods to assist you in doing your part to conserve. Making water conservation a way of life will help ensure that we will have enough water for yourselves and for future generations. Also, spring is here and you will be watering those outside plants. Check your irrigation system for leaks and make sure timer settings are correct. Irrigation systems can be a major water waster and can cost you a lot of extra money if not maintained properly.

CLARKDALE HISTORICAL SOCIETY AND MUSEUM

The museum has seen quite an upsurge in visitors due to our spring weather and beautiful temperatures. One such day was March 14, the day of the annual Lions' Club Car Show and Poker Stroll! Many first timers walked through our door and were greeted by Jerry Wombacher and Edith Lindner, who continue to share their stories and history of the town. Repeatedly, we get rave reviews by visitors who tell us what a difference these personal stories make to them. Thank you Jerry and Edith!

Another thank you goes out to Freeport-MacMoran for funds to replace the west fascia board on our building. Craig Backus and his crew came through with the exact duplication of the original 1918 architectural design. We continue to be amazed at the transformation on Main Street of the old Grand Theater and the second story UVCC apartments into the Clarkdale Hotel! Thank you, Jodie and Al Filardo and Craig and Becky Backus for preserving our history! Our historic buildings are our legacy to future generations.
