## GENERAL PLAN UPDATE

By Garrett Hicks, Planning Director

The program to revise the Clarkdale General Plan is nearly completed at this writing. The General Plan Advisory Committee has been meeting a minimum of two times each month since last November to compose a new, state mandated, General Plan for the Town of Clarkdale. A draft document was presented to the Planning Commission on May 15.

A general plan is a statement of a community's vision for growth and development. It provides guidance and direction on long-range development decisions through a series of goals, policies and related maps. A general plan primarily addresses physical aspects of growth and is designed to have community-wide applicability over many years.

To a large extent, the document provides advisory guidelines for development decisions within the Town. However, it should be noted that the plan also provides a legal basis for certain land use decisions, such as for changing the zoning designation of a property.

There have been several community outreach meetings to gain public comments on the new General Plan. The comments that were received have been very constructive and will be taken under review by staff.

***There is now a 60 day review period for the Town to receive additional public comments prior to going back to the Planning Commission on July 17th.***

Comments received prior to this meeting will also be taken under advisement by the Planning Commission and staff. After the Planning Commission reviews the comments on the plan, it will be forwarded on to the Town Council for a second public hearing on August 13, 2002. If the Town Council approves the new General Plan, it will be on the November 5, 2002 ballot for voter approval.

This is the first time ever that the General Plan must be approved by the citizenry through a general vote. All registered voters will receive an explanation of the General Plan in September and October to guide them through the details of the new General Plan.

Many hours of hard work have gone into the preparation of this document and comments thus far have been very favorable. If you would like to request a copy of the General Plan you may do so in writing to the Planning Department, Town of Clarkdale, P.O. Box 308, Clarkdale, AZ 86324. If you have any questions about what a General Plan is or isn't you may call the staff at the Planning Department @ 634-9591. Your input and support will be greatly appreciated.

## More Water Conservation

By Kim Butt,  
Public Works Director

Representatives of Cottonwood Water Works, our water provider, would like to thank the residents of Clarkdale for the conservation efforts made in the past and are asking for our continued support. They are asking that everyone on the system do outdoor watering no more than two times a week.

This is a request for voluntary conservation, but could become mandatory if conditions do not improve. The Town has chosen to restrict our municipal watering even further. The trees and shrubs will be watered twice a week, as requested. We will start watering the Town Park and ball field this week, one day a week, and will not be watering any grass at the Town Hall Complex.

**Please be frugal in your watering, we're in for a hot and dry summer.**

## CLARKDALE HISTORY

### Jesus Valdez Speaking about 'La Secsion' June 9, 2002 - 4:00 p.m. - Jerome State Park

The Jerome Historical Society and Jerome State Park brings you Jesus Valdez, of Clarkdale, speaking about the Hispanic people of Clarkdale. The lecture is part of the organization's Second Sunday of the Month program.

Jesus Valdez was born January 1930 in Clarkdale in a seven family community (La Secsion) near the gate where the Verde Tunnel & Smelter Railroad entered the smelter yard. Valdez, who returned to Clarkdale in 1972 where he began teaching at the Clarkdale-Jerome School, has been dedicated to gathering the history of Clarkdale and the Hispanic families. During his presentation, "La Secsion," he will talk about the histories of this area and display photos, maps and drawings. The presentation, Valdez said, is the initial effort to collect and compile the history of the area. For more information about the program you can call the Jerome Historical Society at 634-1066 or Jesus Valdez at 634-3509.

## Speeding in Residential Areas

By: Lloyd Jones, Chief of Police

Residential speeding is of great concern. Residents can help reduce speeding in their neighborhoods with ***Citizen Radar Watch***.

Residents, after a background check and training, sit in unmarked cars with radar guns and record the speed of motorists. If a driver is speeding, the license plate of the vehicle and description of the driver are logged and given to the police department. The Police Department run a registration check and send a letter to advise the vehicle's owner of the speed recorded, thus notifying the motorist that someone is watching.

The letters act as a deterrent. If you're interested in Clarkdale starting this program, contact Sgt. Mike Pierce at 634-7240.

## Snake Tips for Homeowners

By: Berry Van Hook, Fire Chief

Here are some tips, compliments of the Arizona Game and Fish Department.

- 1) Remove and/or store piles of debris away from your home. Stacks of firewood, old lumber, brush piles, rocks and general junk like (old appliances, car parts), provide habitat for snakes and other wildlife.
- 2) Feed wild birds away from your house, patio and walkways. Seed spilled on the ground attracts rodents and rodents can attract snakes.
- 3) Light up pathways, porches and patios that are used. Lighting these areas will help you see better and discourage snakes. Snakes and other reptiles often bask on warm concrete and paved surfaces.
- 4) Trim bushes up off the ground (approximately eight inches or more) that are located near pathways, patios and other heavily used areas. Trimming the bush allows you to see underneath and removes potential hiding places for the snakes.
- 5) Make sure your garage door, exterior doors, gates and window screens leading into indoor living spaces are tight fitting. A good rule of thumb, if you can stick a pencil through a gap, a small or juvenile snake could also get through.
- 6) Build a solid wall around the outdoor spaces you or your pets typically use; ideally, a fence that is at least four feet tall and with a slight overhang on the outside of the fence. Trim back any bushes.

Please spay or neuter your pet!

## Employee Anniversary

This May marked the 10 year anniversary of Town Manager Gayle Mabery. She began her employment with the town as an intern. She held the position of Town Clerk prior to her promotion to Town Manager in 1998.

Gayle is a Clarkdale native and graduate of Northern Arizona University. In addition to being a dedicated employee, Gayle is married and is mother to two girls, ages 3 and 6.

In January, Sgt. Pat Haynie celebrated 15 years of service to the Town. Sgt. Haynie was raised in the Verde Valley and is proud to be the D.A.R.E. Officer at Clarkdale-Jerome Elementary School. He came to Clarkdale from the Yavapai County Sheriff's Office.

## RECYCLING REMINDER

Curbside recycling is every other week for trash customers. The only items that will be picked up at your curbside is **newspapers, bottle form plastics, aluminum** and **tin**. They will ONLY pick up the 4 items listed above.

If you place other items in your recycle bin, the entire contents will be left at your home, or if on accident it is taken to the station the entire truck load will be placed in the trash container. Both Sedona recycle and Waste Management want this program to work but we need you to help.

## Strolling Around Clarkdale's Historic Central Business District

By: Ellie Bauer, Member of the Town Council and the Chamber of Commerce

Every now and again a stroll around our town's historic central business district refreshes the heart and mind. I like to start at the *Java House* - a cyber coffee shop, on Tenth Street facing the park. It features fresh roasted gourmet coffees (by the cup or in bulk), hot and cold drinks and sweet goodies, PLUS fast connections for accessing internet and e-mail. The umbrella-shaded tables are great for sipping a drink and enjoying Clarkdale's elegant setting or listening to Friday evening 'JAZZ ON THE SIDEWALK' in the warm seasons (beginning now - after 6 pm). Jeff Steed and Edgar Ball own Java House as well as Intellequest, and Karuna Studios, where websites and e-commerce services are designed for US and international clients.

Walking south to First South Street, there are *Group 2's mini-storages* for those of us who have more that can be stuffed into our homes, then *Alcora Marble* (one of this industry's originators) - a custom manufacturing firm, where all your cultured marble needs - from tubs to showers and vanity tops or ... can be met. After the next set of Group 2's mini-storage, you come upon Curt & Bill Snyder's office, where you can find out about mini-storage rental. Next door to this office is the *Laundromat*. Did you know that using commercial laundry facilities is a great way to save on water usage - particularly when you use the three-load washing machines!

Now continuing to Ninth Street and then back up to Main Street. You'll go by the 'old market' building and the old bank building - both begging for some great 21<sup>st</sup> Century use. Next, there's the *Newsstand*, owned by Pressie and Ron Moreland, with a bar and pool table - a Clarkdale original. Notice the outdoor tables? Well, Terry and Stan's *Sausage Deli Shop* serves up delectable and unique sausages, and barbecued meats - all created in-house! Eat right there, or take home what you need. Lunch, or dinner, comes with all the trimmings. They'll even smoke a turkey or fish for you. Keep an eye out for their specials! Next is '*Dr. Dave's*' (*Moore*) - our Clarkdale chiropractor, who's great at helping you get those body parts back where they belong.

Then on to *Clarkdale Classy Styles* where hair is kept cut and styled for those who need regular, special or occasional trips to the hairdresser. Then on to the *Law Office of Michael Bluff* and *Mingus Constructors*. Here the inside of the original building has been transformed into a contemporary and unusually wonderful setting for two different types of offices. Then on to *Baskets by Jane*, owned and operated by Jane & Doug Rolfes. This enchanting shop is filled with baskets, filled with magical goodies and the possibilities of designing your own basket for a gift or for yourself. What a treat!! She also has candles, coffees and chocolates. In the same building is *Wild Apache & Verde Internet* services. Jane and Del Winiescki provide expert, high-speed services (and their service is quick and topnotch) and help for computer and internet illiterates and beginning users.

Hungry for some great Mexican food? Heads across Main Street to *Su Casa* to enjoy dishes from the usual to the extraordinary - all great. Bob and Dave Conlin have built upon a long Mexican food tradition at this spot. Bob is now finishing up the hand building of all the chairs and booths which add to the ambience of the interior.

*Su Casa* is open 7 days a week. Cross Tenth Street to the east and there's *Clarkdale Classic*, which is on the National Registry. Here Liz & Mike Hensley offer full service for your vehicles from gas and oil to repair Monday-Saturday from 7 a.m. to 6 p.m.

*Clark's Café* is next, serving traditional American breakfasts and lunches from 7:30 a.m. to 2 p.m., 7 days a week. Their warm cinnamon rolls are mouthwatering. The hamburgers are hearty. Watch for the lunch specials. Next door, *Clark's 10/12* has been a bar ever since the building was built. It's grown to have a dance floor with a sitting area that's perfect for the groups that come to play. Watch for the scheduled musical groups, usually on weekends. Then there's '*the caboose*' which will be Clarkdale's information center when complete. And it's almost there! This all-volunteer effort on the part of Chamber members and volunteers will add to the ways we can communicate with each other.

### IS TIME PASSING YOU BY?

By: Pat Williams, Heritage Conservancy Board

**ARE YOU BORED?** Maybe it's time to get "re-involved". The Heritage Conservancy Board is seeking new members as well as volunteers to help with various activities. The board meets monthly for about an hour and a half. No experience required.

Come learn about the history of Clarkdale and the Verde Valley along with archival preservation. It's a lot of fun with no required time commitment. See the current display in the Library to get an idea of what we do. We'd welcome your help.

For more information call Pat Williams at 649-9672 or you can pick up an application at Clarkdale Town Hall.

**GET INVOLVED.**

### Town Board and Commission Members Appointed in June

If you are interested in serving on a Town Board or Commission get your application in soon! The Town Council will be making appointments to all the Town Boards and Commissions this month. These appointments are for two year terms. Meetings are held once a month, although special meetings may be held from time to time and members may assist with a few special events each year. Please call Joyce Driscoll, Town Clerk at 634-9591 or come by Town Hall for an application. All board members are required to be residents of the Town.
