Clarkdale, AZ (May 16, 2017) – On behalf of the Town of Clarkdale, Accounting Supervisor Kathy Cwiok received the 2017 Honorable Mention Award from Tyler Technologies during a training conference earlier this month.

In her role for Clarkdale, Kathy is the primary liaison, trainer and troubleshooter for our financial software. She works not only in our own organization, but with our software provider and other local and state government organizations throughout Arizona, to develop solutions when the ever-changing regulatory and financial landscape shifts. Each year, Tyler Technologies, a leading public sector software and technology services company, recognizes end-users for their achievements in the industry. Recipients are selected for their “demonstrated leadership, innovation and excellence in developing, deploying and maintaining software solutions in new ways”.

Kathy Cwiok epitomizes the selection criteria, and has played a lead role in efforts to help integrate, develop and deploy software solutions on a statewide basis including: financial transparency (through AZ Open Books); human resources (Arizona’s Fair Wages and Healthy Families Act); and retirement solutions (upgrading the electronic reporting format in Incode for the Arizona State Retirement System).

The Town of Clarkdale is incredibly proud to receive this award and to have Kathy Cwiok as part of our team. We appreciate Kathy’s leadership and innovation on behalf of Clarkdale’s citizens and our organization.
