THE TOWN OF CLARKDALE is the most recent Sponsor to participate in the Yavapai College Partnership Program. This program is designed to provide custom, accelerated, on-site educational opportunities for folks who work in the Verde Valley. Each of the 8 courses is taught in a one day, mid-week 8 hour session, with most earning 3 credits. Completion of all courses earns an AAS Management Degree. Tuition for each class is \$147.00, and in some cases, scholarships are available.

“Because students in the classroom confront, analyze and discover solutions to real workplace issues, they become a more valuable asset to employers. The short, intensive classes have been a great success” says Jim Brugger, MIR, Yavapai College Faculty Member and program instructor.

Fall 2007 courses will run from September 4 to October 16 and be held at the Clark Memorial Clubhouse and the Cottonwood Library. To register or get more information: call 928-634-6520 or 928-649-4265 OR visit www.yc.edu.
