Approved By: _____

Per Section 7-11-5 of the Clarkdale Town Code, a Grading Permit is required for all work involving excavations, cut, and/or fill. Per Section 7-11-13, Stormwater Pollution Prevention Plan, applicant may be required to obtain authorization of the proposed Stormwater Pollution Prevention Plan depending upon project specifics.

This application shall be submitted at least ten (10) working days prior to the proposed date for commencement of work. Construction must start within 180 days of date permit is issued.

Construction hours are 6:00 a.m. to 9:00 p.m.

Additional Information/Comments

INFORMATION REQUIRED ON SITE/PLOT PLAN

- Contractor's name, business name, address, email and phone number
- Owner's name, address and phone number
- Property address, parcel number and/or legal description
- Scale used. Minimum scale: 1 inch = 100 foot, 1 inch = 20 feet is preferred
- All property lines must be indicated and marked "P.L."
- Directional arrow indicating north
- Property dimensions
- All existing structures with dimensions
- Other dimensions:
 - Distances between structures
 - Distances from all structures to property lines
 - Distances from easements to closest structure
 - Distances from watercourse to closest structure
- Labeling of all streets, easements or right-of-ways on or adjacent to the property, regardless of use, showing street names
- Description of use for all existing and proposed structures
- Any water course on or within 100 feet from parcel
- Any public or private wells
- Size and location of any existing roadside ditches and culverts
- Location of all fences
- Location and dimensions of septic system and leach fields if applicable
- Location of driveways, RV pads and parking pads
- SLOPE INFORMATION given in feet or percentage of slope. Also indicate if applicable:
 - High and low point of lot, with contour lines with minimal intervals of five feet
 - Arrows indication direction of slope
 - Indicate fall (in feet) in the leach trench area if applicable
- Elevations, areas of fill and depth of fill, areas of cuts and depth of cuts

- All plans and reports shall be prepared and signed by an engineer licensed by the State of Arizona. Specifications shall contain information covering construction and material requirements.

- Under the requirements of A.R.S. §42-1305.02, on projects valued over \$50,000 the contractor must supply the Community Development Department with a copy of the Department of Revenue's annual or contract-specific exemption or receipt of bond for this project.

Plans with errors or omissions shall have corrections made on the originals and new prints or electronic versions submitted for recheck unless corrections are minor in nature.
